

In-Person AI Workshops for Corporate Professionals

Business Opportunity Assessment
New Castle County, Delaware

March 2026 | LearnAndLeverageAI

Executive Summary

- **Target:** Corporate professionals 35-60 in New Castle County being told "learn AI" with no idea where to start
- **Competition:** ZERO affordable, hands-on AI workshops in NCC / Wilmington
- **Market:** 293,000+ employed workers; employers like JPMorgan, Capital One, DuPont all pushing AI adoption
- **Overhead:** \$591/month in tools — break-even at just 2 attendees per workshop
- **Automation:** 91% of operations run by AI agents — Brandon only teaches
- **Focus:** Lock down New Castle County first, then expand
- **Urgency:** First-mover window is open NOW — AI anxiety among workers is peaking
- **Profit potential:** \$17K-\$44K/month from a single market

The Opportunity

The Fear

Every corporate professional over 35 is hearing the same message: "**Learn AI or get replaced.**" They see it in every meeting, every LinkedIn post, every company memo. They have no idea where to start.

The Gap

Online courses are overwhelming. YouTube is chaos. Company training is surface-level PowerPoints. What they want is someone to **sit next to them, open a laptop, and show them** — hands-on, in person.

The Proof

"Talk to a boomer above 35 for 5 minutes. Most people don't even know what Claude is."
— *Damian Player (70K followers, \$15K in 14 days from AI agency)*

92 accounts found on X actively running AI workshops. The exact local model targeting corporate professionals is almost nonexistent.

The Urgency: Why Now

This window won't last forever

- Companies are rolling out **internal AI training programs** — as they do, external demand shrinks
- The **first credible local trainer** to show up wins this market
- AI anxiety among corporate workers is at an **all-time peak** in 2026
- Every month we wait, the opportunity gets smaller

The competitive moat

- Brandon isn't a consultant who read about AI — he **built it into real businesses**
- Call2Calendar (AI voice agent), Tri-State Aquatic (AI operations), 5+ businesses running on AI
- That story resonates with corporate workers who need someone **practical, not theoretical**
- First mover in NCC locks in the reputation as **THE local AI trainer**

Nobody Is Doing This Here

What exists in NCC / Wilmington

Competitor	Format	Price	Problem
Univ. of Delaware AI Certificate	Multi-week, online	\$1,116/credit hr	Too long, too expensive, too academic
General Assembly	32-hr cohort, online	\$750-\$3,000	Generic, not local, not hands-on
AGI Training	Corporate on-site	Enterprise pricing	Not for individuals
7 AI Meetup groups (Philly/DE)	Free, social	\$0	Networking only — validates demand

What does NOT exist

- Affordable (\$297-\$497) hands-on AI workshops for working professionals
- In-person training anywhere in Wilmington or NCC suburbs
- Saturday sessions that fit a corporate schedule
- "Use AI Monday morning" training (not certification programs)
- Anyone targeting the 35-60 professional who feels left behind

Target: Corporate Professionals in NCC

New Castle County, Delaware — 578,000 population

Metric	Value
Employed workforce	293,000+
Median household income (county)	\$89,901
Median household income (Hockessin)	\$172,695 — Top 1% nationally
Delaware sales tax on venues/F&B/AV	\$0 — No sales tax

Major employers pushing AI adoption

JPMorgan Chase (credit card ops) · Capital One · Bank of America · Barclays · DuPont (HQ) · AstraZeneca (US ops) · Chemours · W.L. Gore · CSC/DXC Technology

The target persona

Age 38-58 · Corporate employee in finance, pharma, tech, or healthcare · Heard "you need to learn AI" from their boss · Overwhelmed, doesn't know where to start · Willing to invest \$297-\$497 in career survival · Wants in-person guidance — not another online course

What 92 Competitors Taught Us

Pricing benchmarks

Model	Price	Example
Half-day intro	\$199	Cindy Dalecki, Palm Coast FL — monthly workshops
Sweet spot	\$497-\$997	IT Impact, Akron OH — 25 seats, \$12K-\$25K/event
Premium 2-day	\$2,999	AI Start Academy, San Francisco
Enterprise	\$75,000+	Marketing AI Institute
Subscription	\$199/mo	Jason Pantana/AiM — 1,000+ members ≈ \$200K/mo

Most in-demand topics (for corporate professionals)

1. **AI Agents** — "your digital coworker"
2. **Prompt Engineering** — "talk to AI like you talk to a colleague"
3. **Vibe Coding** — "build apps without coding" (Collins Word of the Year 2025)
4. **Workflow Automation** — "automate the boring parts of your job"

Business Model: 5-Tier Value Ladder

Tier	Price	Format	Details
1. Free	\$0	Chamber / Rotary / Podcast	60-90 min expert talks. Build email list. 20-50 attendees.
2. Quickstart	\$47	Weeknight evening (2 hrs)	Low-cost qualifier. 80-90% show rate. 25-30% convert to Tier 3.
3. Workshop	\$297-\$497	Saturday half-day	PRIMARY REVENUE. 15-25 attendees. Walk out with AI tools working.
4. Intensive	\$997	2-day weekend	Deep dive. Custom AI toolkit for your specific role.
5. Corporate	\$3K-\$5K/day	On-site at their office	Company pays. 10-30 employees. Upsell from individual attendees.

Key: Individuals pay for Tiers 1-4. Companies pay for Tier 5.
Tier 1 builds reputation and pipeline. Tier 3 is the engine.

Revenue Projections — New Castle County

Month 1-2: Validation

1 free talk + 1 paid workshop → 15 attendees × \$297 = **\$4,455**

Target: Prove demand, collect testimonials

Month 3-4: Momentum

2 workshops/mo × 20 attendees × \$397 = **\$15,880/mo**

+ 1 corporate training = \$3,500

Total: ~\$19,380/mo | Costs: ~\$2,100 | **Profit: ~\$17,280**

Month 6+: Locked Market

3 workshops/mo × 25 attendees × \$497 = **\$37,275/mo**

+ 2 corporate trainings = \$7,000 + Alumni upsells = \$3,000

Total: ~\$47,275/mo | Costs: ~\$3,500 | **Profit: ~\$43,775**

Break-even

Tool costs \$591/mo → **2 attendees**. Per-workshop costs → **2-4 attendees**. Everything above = profit.

Cost Structure: \$591/month Overhead

Monthly tool stack

Tool	Cost	Tool	Cost
GoHighLevel (CRM + AI)	\$394	Typeform (surveys)	\$25
QuickBooks	\$38	SendGrid	\$20
Vercel (hosting)	\$20	Make.com (automation)	\$16
Gamma.app (slides)	\$15	Canva Pro (design)	\$13
Claude Code + OpenClaw	\$0	Stripe	2.9%/txn
Total		\$591/mo	

Per-workshop costs: \$572-\$1,072

Venue: \$200-\$400 · Materials: \$50-\$100 · Pro-rated tools: \$148

Meta ads: \$150-\$400 · Snacks/coffee: \$25-\$75

No cold email. Acquisition via Meta ads, LinkedIn, Chamber/Rotary talks, podcasts, radio, Nextdoor, and referrals.

91% Autonomous: Brandon Only Teaches

Fully automated (100%)

Email/SMS sequences · Payments/invoicing · Waitlist management
Upsell sequences · Attendee communications · Revenue reporting

Mostly automated (85-95%)

Social media content · SEO landing page · CRM/pipeline
AI chatbot & voice AI · Testimonials · Workbook generation
Curriculum updates · Slide deck creation · Feedback analysis

Brandon's time budget

Activity	Hours/month
Teaching (2 workshops)	10 hrs
System oversight	2 hrs
Total	12 hrs/month

Marketing on autopilot: LinkedIn posts AI-generated 5x/week, Meta ads auto-optimized, email nurture triggered, testimonials auto-collected, registration self-service.

Marketing: Expert Positioning + Community

Week 1-2: Establish Authority (\$0)

- **Chamber of Commerce talk:** NCC Chamber or Delaware State Chamber — "AI for Your Career"
- **Rotary Club talk:** Wilmington Rotary meets weekly at Hotel du Pont — perfect audience
- **LinkedIn organic:** Daily posts from personal profile — "AI for your career" angle
- **Nextdoor:** Posts in Hockessin, Wilmington, Pike Creek, Newark

Week 3-4: Drive Registration (\$150-400)

- **Meta ads:** \$10-15/day targeting 35-60yo professionals in NCC
- **Local podcast:** Pitch DE business podcasts as the "local AI expert"
- **Radio pitch:** WDEL, WHYI — "Local expert helps workers stay AI-relevant"
- **DE News Journal pitch:** Feature story on AI training in Delaware

Month 2+: Compounding (\$200-500/mo)

- **Referral program:** Bring a coworker, get \$50 off
- **Retargeting ads** (\$5/day) for website visitors
- **HR department outreach:** JPMorgan, Capital One, DuPont for team workshops
- **Recurring Chamber/Rotary presence:** Quarterly talks to stay top-of-mind

4-Week Sprint to First Workshop

Week 1: Infrastructure (agent work — 0 Brandon time)

- GHL sub-account + 8-stage pipeline + email sequences
 - Stripe checkout (\$297 + \$497 ticket options)
- Landing page: learnandleverageai.com/workshops/wilmington
 - Eventbrite listing + Meta ad creative generated

Week 2: Lead Generation (Brandon: 30 min)

- Book Chamber of Commerce or Rotary talk (Brandon calls)
 - Meta ads go live (\$10/day, NCC geo-targeting)
- LinkedIn posts start (AI-generated, Brandon hits 'post')
 - Nextdoor posts in Hockessin + Wilmington

Week 3: Confirm & Promote (Brandon: 1 hr)

- Venue confirmed: Hotel du Pont or Align.Space
- Review workshop deck (15 min) · Share registration link

Week 4: Deliver (Brandon: 5 hrs)

- First paid workshop — target 10-15 attendees
- Collect feedback + testimonials · Activate referral program

Scaling: Lock NCC First, Then Expand

Phase 1: Lock down New Castle County (Months 1-3)

- 1/month → 2/month → 3/month workshops
- Build reputation as **THE** AI workshop in NCC
- Collect 50+ testimonials · Land first corporate team deal

Success criteria before expanding

- ✓ 3 consecutive workshops with 20+ attendees
- ✓ 80%+ positive NPS · 2+ corporate team bookings
- ✓ 200+ email subscribers · Profitable at \$15K+/month

Phase 2: Expand (Month 4+)

- Chester County / West Chester (20 min away) → Main Line PA
- Each new market: 70 min of agent setup, zero Brandon time

Phase 3: Scale (Month 6+)

- City Partner model (50/50 split) · Virtual/hybrid workshops
- Certification program for trainers · Each workshop = 3 revenue streams

Risks & Mitigations

Risk	Mitigation
Low first-workshop attendance	Start with free Chamber/Rotary talks to build email list. Only run paid workshop after 30+ subscribers. Target 10-15, not 25.
Professionals won't pay out of pocket	\$297 = two nice dinners. Frame as career insurance. Provide "get your company to pay" template email for their manager.
Companies roll out internal AI training	Corporate training is generic PowerPoints. We're hands-on + personal. Internal training validates the need — makes us MORE relevant.
Time conflicts with Tri-State / C2C	91% automated. Workshops are Saturdays. 12 hrs/month. Engine #3 — but the first-mover window is NOW.
NCC market too small	293K workers. Even 0.01% = 29 attendees. Chester County (541K) is 20 min away if needed.

Recommendation: GO — The Window Is Now

Why this works for Brandon

- ✓ Runs **real businesses** with AI — authentic, proven credibility
- ✓ Existing tech stack covers 90% of needs (\$591/mo incremental)
- ✓ AI agents handle everything except teaching (91% autonomous)
- ✓ Break-even at **2 attendees** per workshop
- ✓ **Zero local competition** in New Castle County
- ✓ Hotel du Pont = premium venue with **no Delaware sales tax**
- ✓ First-mover advantage window is **open now**

The window

AI anxiety among corporate workers is peaking in 2026. Companies are mandating AI skills. Workers are desperate for hands-on help. The first credible local trainer wins.

Brandon's edge

Not a consultant who read about AI. **Built** Call2Calendar, **automated** Tri-State Aquatic, runs AI across 5+ businesses. That's the story corporate workers need to hear.

Next Steps

If GO — 4-Week Sprint

Week	What Happens	Brandon's Time
1	GHL + Stripe + landing page + Eventbrite + ad creative	0 min (agents)
2	Book Chamber/Rotary talk · Meta ads live · LinkedIn starts	30 min
3	Confirm venue · Review deck · Share registration link	1 hour
4	Deliver first workshop · Feedback + testimonials · Referrals	5 hours

Investment: \$591/mo tools + ~\$800 first workshop

First revenue target: 10 attendees × \$297 = **\$2,970**

Potential at scale: \$21K-\$44K/month profit
